

2024: Indigenous People's Year of Power & Higher Consciousness

You are invited to join the FreeConferenceCall Meeting Room.

Date: Sunday, January 7, 2024

Meeting time zones: 1pm PST, 2pm MST, 3pm CST, 4pm EST

This is an intertribal and inter-organizational networking meeting of **melanated/coppertone Indigenous People** to come together as ONE through the 3 C's: Cooperation, Communication, and Collaboration. The meeting will be informational, educational, and discuss our plans for this year. It's time for those who should be teaching to start teaching; it's time for those who should be reaching to start reaching others; it's time for those who should be building to start building; and it's time for ALL of us to step up to the plate with a mindset for deliberate change to lead, follow, or just get out of the way.

8 Key Points to Remember:

- You don't have to be a member of a group to share, cooperate and collaborate
- You can be a member of more than one group and not lose your autonomy
- We, as a people, are not recognized on an international level but we can be
- Treaty is the highest law in the land
- Our ancestors are crying out to us to remember who we are
- Ego and 20 cents will get you absolutely nothing
- We have been settling and scrambling for Authority instead of Freedom
- Contrary to the NAACP and others, image is nothing

You can invite other melanated/coppertone Indigenous People. Why only melanated/coppertone Indigenous people? Because we have to first build a neglected and forgotten foundation before we can build and secure the rest of the house.
